Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Monday 29 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Turning milder for a time.

This Evening and Tonight:
A cold evening across southeast England, else turning cloudier, milder and windier overnight with some outbreaks of rain and drizzle moving southeastwards across many parts.

Tuesday:
Cloudy across most areas with some rain and drizzle, mostly in the north and west where it will turn heavy and persistent later. Windy, but feeling much milder than recently.

Outlook for Wednesday to Friday:
Blustery showers, wintry in places, and turning colder. Showers eventually easing on Thursday, ahead of rain and possible hill snow arriving from the west overnight into Friday, with winds strengthening.
